Why choose SM UK for your van conversion?

SM UK delivers complete van conversion solutions that enhance efficiency, safety, and compliance, ensuring your vehicle is work-ready from day one.

Our bespoke conversions—including racking, onboard power, welfare facilities, and crew cabs—optimise workflow, reduce downtime, and boost productivity.

With a combined 60,000 sqft of dedicated workshop space in Leeds, Tamworth, and Dartford, we handle convenient fleet-wide rollouts or one-off custom builds with precision.

As a Ford Pro Converter and MAN Preferred Partner, we uphold top industry standards, ensuring long-term reliability and peace of mind.

With SM UK you get:

✓ Free design consultation

We tailor your van conversion to your business needs with a free consultation.

✓ Type-approved

SM UK holds VCA approvals for welfare vans, racking, crew cabs, and Turn-Key conversions, ensuring compliance and zero downtime.

✓ Industry-leading warranty

We offer a 3 year warranty on electrical safety equipment, with manufacturer-backed warranties on racking and load-securing systems.

✓ Flexible finance options

Our finance options and competitive rates make high-quality conversions affordable for all.

✓ UK-wide coverage

Strategically located workshops provide expert, seamless conversion services for single vans and fleets.

60,000 sqft of dedicated workshop space

All our conversions are handled by our in-house team of experts and selected trusted partners.

Turn-Key van conversion solutions.

Take the hassle out of vehicle conversion, our Turn-Key solution handles everything for you.

We source

We source the vehicle for you under Type Approval. You don't need to do anything until you receive your van. Ready to work from day one.

We convert

We create customised conversions that meets your specific needs. Including racking, seating, integrated camera systems, reverse alarms, locks, and lighting. Engineered for load capacity and durability.

We deliver

We deliver your customised van. Ready for you to use from day one.

Everything, in its right place

Equip your teams with work ready vans and mobile workshops. Vans, ready to work from day one.

Your van, ready to work from day one.

Not sure where to start?

We offer a free design consultation at our discovery stage.

We evaluate your fleet needs and operations, providing a 3D design tailored for efficiency, safety, and compliance.

Optimise your fleet for people and cargo.

Crew Cab conversions enhance the functionality of light commercial vehicles, offering a cost-effective alternative to OEM options.

Versatile & efficient

Our Crew Cab conversions add a second row of seating with a secure bulkhead, allowing businesses to transport crew and cargo safely and comfortably.

Designed for performance & safety

Engineered for a factory-finished look, our conversions seamlessly integrate with your vehicle while maintaining manufacturer standards.

UK's leading Crew Cab specialists

As a trusted OEM partner, SM UK is the leading UK provider of fleet safety and crash tested Crew Cab conversions.

Transport your crew and cargo efficiently

Whether you're heading to a job site or need extra space for family, our Crew Cabs ensure comfort, safety, and flexibility.

Vans, ready to work.

Transform your vehicle into a fully equipped mobile workspace with our tailored, compliant conversions—ideal for field service, maintenance, or repairs.

Bespoke mobile workspaces

Every trade is unique, and so are our mobile workshop conversions.

✓ **Racking & storage**

Secure, organised space for tools and equipment.

✓ **Workbenches & vices**

Sturdy workspaces for on-site repairs.

✓ **Onboard power**

Inverters, sockets and LED lighting.

✓ **Compressed air**

Essential for maintenance teams.

✓ **Security upgrades**

Deadlocks, alarms and GPS tracking.

Keep tools and equipment safe

Securely stored tools don't move when you're on the move.

Flexible design options available

Transform your vehicle into a fully equipped, on-the-go workspace.

We consider every detail

Our racking solutions are built to work for you, so whatever you do and wherever you are, you can get to work.

✓ **Work lamps**

Long-life LED illumination for all conditions.

Work lamps

Beacons

Our beacons provide bright, reliable illumination in all conditions.

Reliable, efficient & sustainable power.

Our compact, efficient onboard power solutions create uninterrupted onsite energy for tools, appliances, and mobile workshops.

Power when you need it

✓ **Seamless supply**

240V AC & 12V DC keep tools running, even when the vehicle is off.

✓ **Lower emissions & costs**

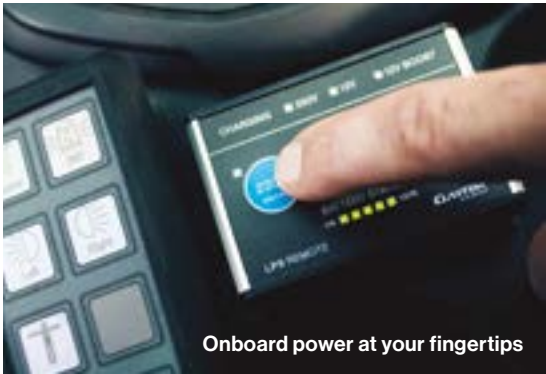

Reduces fuel consumption and idling.

✓ **Rapid recharge**

Powers compressors, welders, and cordless tools.

✓ **Compact & quiet**

No need for noisy generators or diesel engines.

Onboard power at your fingertips

Clayton Power All in one Lithium Power Supply. Provides power to 240 VAC and 12 VDC appliance.

Custom onboard power solutions

✓ **Split charge systems**

Efficient battery charging.

✓ **Compressors**

Power pneumatic tools onsite.

✓ **Inverters**

Seamless tool operation anywhere.

✓ **Sockets & USB**

Keep devices powered.

✓ **Solar panels**

Sustainable energy source.

✓ **Landline hook-up**

Recharge on-site.

✓ **Transformers**

Direct 110V tool power.

Professional livery & vehicle branding.

Enhance your fleet's visibility with high quality livery, including Chapter 8 compliance, full wraps and blended decals that boost recognition.

Stand out from the crowd

✓ Custom branding

Full wraps, lettering, and stickers tailored to your corporate identity.

✓ Chapter 8 livery

High-visibility markings for road safety compliance.

✓ Design service

Use our in-house team or provide your own artwork for a perfect finish.

Custom branding

Instantly recognisable and always memorable.

Comprehensive van security solutions.

Designed to deter theft and prevent break-ins, our security solutions provide peace of mind for businesses and tradespeople alike.

Keep you and your cargo safe

✓ Statement lock

Our most robust locking system for maximum security.

✓ Hook lock

A highly effective secondary lock to secure your vehicle's doors.

✓ Slamlock

Automatically locks when the door shuts.

✓ Shielding solutions

Reinforces vulnerable areas to prevent forced entry.

✓ Anti-peel kit

Protects against door peeling attacks, securing your cargo.

Keep cargo safe

Choose from a range of locks to suit every van.

Roof accessories for secure storage.

Our roof bars and accessories, including ladder racks, access steps, and pipe tubes, provide secure storage and easy access, improving efficiency and safety for your fleet.

Roof bars & exterior accessories

- ✓ **Ladder rack**
Rhino SafeStow system for secure ladder storage.
- ✓ **Roof bars**
Strong, aerodynamic, and high-performance.
- ✓ **Access step**
Anti-slip grip and high-visibility strip.
- ✓ **Pipe tubes**
Lockable three metre tubes for secure material transport.

Rhino SafeStow system

Effortless ladder storage and handling, eliminates the need to climb onto the roof.

KammRack black
The successor to the highly popular Modular Rack.

Lockable pipe tube

Securely store and transport materials with robust three metre pipe tubes.

All-inclusive mobile welfare vans.

Welfare Vans ensure workforce safety and comfort with HSE-compliant facilities, ideal for construction, utilities, engineering, rail, and emergency services.

Built for safety, efficiency & durability

Seats up to seven with hi-vis steps, reversing alarms, LED beacons, and optional Chapter 8 markings for visibility and security.

✓ **Canteen area**

Hot water boiler, microwave, and seating for four.

✓ **Private WC**

Soap dispensers, wash basins and hot and cold running water.

✓ **Hygienic interiors**

Wipe-clean linings, drying area, and anti-slip flooring.

✓ **Onboard power**

Eco solar panels, B2B charge system, and auxiliary batteries.

Comfortable & functional

Every element is designed to make roadside work as comfortable as possible.

Hi-vis step for safe entry and exit

Trusted by major manufacturers.

We are proud to be a trusted partner of major OEMs, a recognition of our commitment to quality, safety, and exceptional customer service in commercial van conversions.

As an accredited Ford Pro Convertor, SM UK collaborates closely with Ford to deliver conversions that meet exacting manufacturer standards.

Seamless Integration

Working hand-in-hand with Ford Pro, we ensure each conversion is designed to integrate seamlessly with the vehicle's existing systems.

Quality Assurance

We adhere to Ford's stringent guidelines and utilise approved components, guaranteeing durability and reliability in every build.

Comprehensive Support

From initial design to ongoing aftercare, our collaboration with Ford Pro enables us to provide unmatched technical expertise and customer service.

We are also proud to be a Preferred Partner for MAN, underlining our commitment to quality and innovation in van conversions.

Streamlined Supply Chain

We benefit from priority access to MAN components and technical data, allowing for faster builds and reduced downtime.

Consistent Excellence

Our conversions meet rigorous factory standards, providing peace of mind that each vehicle will perform optimally from day one.

Enhanced Support

Close partnership with MAN means our customers enjoy dedicated service and expert guidance on any MAN-related enquiries or updates..
